

10x Pocket Optical Comparators

52-664-009 Optical Comparator Set with 9 reticles

52-664-609 Optical Comparator Set with 9 reticles and Illuminator Attachment

Fowler's 10X Pocket Optical Comparator magnifies images which are sharp, undistorted and free of aberrations. Convenient for checking angles, thread measurements, hole sizes and more. This 10X comparator is widely used by machinists, toolmakers and inspectors in the industry.

Features:

- Scales are photo-etched into a glass reticle which is placed in actual contact with the measured object, obtaining simultaneous enlarged images of the scale.
- Reticles (protected in individual plastic cases) are easily interchanged by a screw-in mount. Measures radii, diameters, angles, hole sizes, pitch and thicknesses.
- With the illuminator attachment, the comparator converts into a self-contained illuminated measuring magnifier.

Part Number	Description
52-664-001	10X Comparator with No. 52-661-009 reticle
52-664-009	10X Comparator with 9 reticles
52-664-609	10x Pocket Optical Comparator Set with 9 reticles and Illuminator Attachment
52-665-006	Illuminator attachment only (requires 2 "C" size batteries)
52-661-001 to 009	9 reticles individually priced (shown on next page)
